Subject: Rio Algom Minining M/037/001 - Annual Report

Joelle,

I just spoke with Frank Fossey (435) 686-2217 at Rio Algom. He has some issues which will need to be resolved before he can submit their annual report & maps for 1997. An onsite meeting is scheduled for Feb. 20th with us & the BLM to resolve these matters. Because of these issues he will be submitting the annual report by the end of February.

Please send a copy of this note to the mine file M/037/001.
